ANNEX X^{XIV}**Procedure for import on Joint Basis by Commercial Importers under cash or loan or credit and barter.**

REFERENCE—*Paragraph 15(4) of the Import Policy (July-December, 1977) Order.*

Commercial importers, located within the jurisdiction of the same licensing authority but having different nominated banks, desirous of importing their share in cash or IDA Credit on joint basis for the sake of economy may do so in accordance with the procedure mentioned below:

2. An importer will submit to their nominated bank L/C Authorisation Forms in the usual manner and in addition to the particulars mentioned in the L/C Authorisation Forms, they will be required to submit a declaration to the effect that (a) particulars given by the importer in his L/C Authorisation Form are correct and complete to the best of his knowledge, and that (b) he had not applied, in any manner, to import his share for the current shipping period individually and agrees to effect import of the same on the joint basis under the Group Leader of M/s.....

(Name and address of the Group Leader).

and that (c) he undertakes not to make in any manner any claim whatsoever from the licensing authority in any matter arising out of default or dispute with the Group Leader or members of the Group. Signature of the importer will be verified by the authorised officer of the nominated bank with date.

3. The importer's nominated bank, after being satisfied that the L/C Authorisation Forms, the declaration given by the importer and other relevant informations are complete and correct, will forward all these papers to the nominated bank of the Group Leader and will certify on the body of L/C Authorisation Form as under:

"We have no objection to allow the abovementioned Group under the Group Leader of M/s..... This importer is eligible to import..... for Tk..... We have endorsed their Pass Book.

Seal and signature of the authorised officer of the importer's bank with date."

In this respect it is clarified that in such cases individual importer will not submit any Application Form to open L/C to his nominated bank and it is not necessary for the importer's bank to forward the importer's pass book or the IRC in the absence of the pass book, to the nominated bank of the Group Leader, Importer's bank will only make appropriate endorsement in the pass book or in the IRC in the absence of the pass book.

4. The Group Leader will submit L/C Authorisation Form and Application for opening L/C to his nominated bank and in addition to the particulars mentioned in the L/C Authorisation Form, he will submit a declaration to the

effect that (a) particulars given in the L/C Authorisation Form are correct to the best of his knowledge, that (b) he has not applied, in any manner, to import his share for the current shipping period individually and that (c) he had undertaken to act as the Group Leader for importation on joint basis for the sake of economy by the importers in the Group (here Group Leader will record the names and address and IRC Nos. of all the members including that of himself and their individual shares) and that (d) he undertakes not to make in any manner any claim whatsoever from the licensing authority in any matter arising out of default or dispute with members in the Group. The signature of the Group Leader will be verified by the authorised officer of his bank with date.

5. The Group Leader's bank, after being satisfied that L/C Authorisation Form and the declaration given by the Group Leader are complete and correct in all respects, will certify on the body of the L/C Authorisation form as under:

"We have no objection to allow the above importer to act as Group Leader of the group.....members.

*Seal and signature of the authorised officer
of the Group Leader's bank with date."*

6. The Group Leader's bank will then forward L/C Authorisation Form, declaration of the Group Leader and their certificate along with the complete set of L/C Authorisation Forms, declarations of all members of the Group and the complete set of certificates issued by the different banks of the members, to the registration unit of the Bangladesh Bank in the respective offices of the licensing authority. It is clarified here that Group Leader will submit to his nominated Bank application form for opening of L/C for the total amount covered by individual L/C Authorisation Forms.

7. No prior clearance of the licensing authority will be required for the purpose of registration of the L/C Authorisation form by the registration unit of the Bangladesh Bank or for the purpose of opening letter of credit by the nominated bank of the group leader. However, immediately after the registration of the L/C Authorisation Form, the registration unit of the Bangladesh Bank will forward to the licensing authority concerned, two copies of the complete set of L/C Authorisation forms along with the complete set of declaration of the importers and the certificate of the group leader's bank.

8. As soon as the letter of credit is opened, the nominated bank of the group leader will endorse the pass book of the group leader or Import Registration Certificate in the absence of pass book and advise the licensing authority concerned and the respective banks of the members of the group of the particulars of the letter of credit.

9. Where the eligible commercial importers, desirous to import their shares in Cash and IDA Credit, are located within the jurisdiction of the same licensing authority and have the same nominated bank including all the branches of the same banks within the jurisdiction of the same licensing office, the procedure for import on joint basis will be the same as outlined above except that different branches of the same bank will forward the complete sets of documents outlined above such as L/C Authorisation Form, declaration, etc., after recording the required certificate on the body of L/C Authorisation Forms to the branch of the same bank which is the nominated bank of the group leader. The nominated bank of the group leader will process the L/C Authorisation forms in the same manner as outlined above.

10. In the case of barter, STA and tied loan or credit, eligible commercial importers, desirous of importing on joint basis, will submit the L/C Authorisation Forms to their nominated banks in the prescribed manner but need not submit application for opening of letter of credit. The nominated bank, on being satisfied that the L/C Authorisation Form is in order, will forward all the copies of the same to the nominated bank of the group leader after making necessary entries in the importer's pass books or on the IRC in the absence of pass book. On being satisfied that the L/C Authorisation Form of the group leader and such group members for whom also the nominated bank are in order and after the completion of all formalities of import on joint basis, the nominated bank of the group leader will transmit complete set of the L/C Authorisation Form of each member of the group including that of the group leader, to the designated bank along with the application form for opening of letter of credit of the group leader for the total amount covered by individual L/C Authorisation Form. The designated bank will open letter of credit under intimation to the Chief Controller, Dacca and endorse two copies each of the L/C Authorisation Form to the licensing office concerned, as provided in para 7(6)(b) of this Order.
